Forecast For Wales
Issued by Met Office Exeter
at 1600 on Saturday 10 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning dry this evening. Some showers developing early tomorrow morning.

This Evening and Tonight:
Showers easing through the evening, with some brighter skies in southern areas before sunset. Cloudy but dry for most overnight, however some showers are likely to develop in the north of the country towards dawn. Minimum temperature 11 deg C (52 deg F).

Sunday:
Light showers initially for many, before showers sweep across the region, some of these heavy with a risk of thunder in northeastern areas. Driest in the southeast of the country. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Scattered showers on Monday, some heavy and a risk of thunder and hail. Drier with many sunny spells on Tuesday, with some showers affecting eastern areas. Mostly dry on Wednesday.
